In compliance with Decision No. 08-01-043, GSWC hereby submits this advice letter to update the eligibility income guidelines in its lifeline rate plan, also known as California Alternate Rates for Water (CARW) program. The CARW eligibility guidelines are patterned after those established in the California Alternate Rates for Energy (CARE) Program for energy utilities. This filing, when approved, will increase the eligibility

income levels in GSWC's Region I CARW program for the period June 1, 2010 through May 31, 2011. **Because this advice letter is not seeking authorization to increase rates, a resolution will not be needed to approve this advice letter.**

Background

On January 31, 2008, the California Public Utilities Commission (Commission) issued Decision No. 08-01-043, granting GSWC authority to establish the CARW program in its Region I customer service areas. The CARW program provides a fixed amount equal to approximately 15% discount on the average bill for a residential customer. The eligibility income guidelines are at 200% of the federal poverty guidelines. These eligibility income guidelines are revised annually by the Commission and go into effect June 1. On April 23, 2010, the Commission established the 2010/2011 eligibility income guidelines, effective June 1, 2010. This advice letter is being filed to reflect the updated eligibility income guidelines on GSWC's Region I CARW tariffs.

Compliance

GSWC has revised its Schedule No. LI-20 and Form No. 23 to reflect the annual increase to eligibility income. The table below shows the increase to each level of the eligibility income.

Household Size	2010/2011
1-2	\$ 31,300
3	\$ 36,800
4	\$ 44,400
5	\$ 52,000
6	\$ 59,600
Each Additional	\$ 7,600

Tier Designation

Pursuant to D. 07-01-024, this advice letter is submitted with a Tier 1 designation.

Effective Date

Pursuant to Resolution E-3524, GSWC requests approval of this advice letter allowing these tariffs to become effective June 1, 2010.

Protest and Responses

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;

- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

Tariff Unit, Water Division, 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue, San Francisco, CA 94102
E-mail: water_division@cpuc.ca.gov

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy by mail (or e-mail) to us, addressed to:

Golden State Water Company
ATTN: Ronald Moore
630 East Foothill Blvd.
San Dimas, CA 91773

If you have not received a reply to your protest within 10 business days, contact this person at 909-394-3600 ext. 682.

May 5, 2010

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

No individuals or utilities have requested notification of filing of tariffs. Distribution of this advice letter is being made to the attached service list in accordance with General Order No. 96-B.

Sincerely,

**REGION I
 GOLDEN STATE WATER COMPANY NOTICE AND APPLICATION FOR
 CALIFORNIA ALTERNATE RATES FOR WATER (CARW) PROGRAM**

Program Description

The California Public Utilities Commission has authorized Golden State Water Company to implement a Low Income Rate Assistance Program to assist low-income families. GSWC's California Alternate Rates for Water (CARW) program provides a flat 15% monthly credit for eligible customers based upon the same income qualification guidelines that are used by the electric and gas California Alternate Rate for Energy (CARE) programs.

If you already participate in the CARE program of PG&E, Southern California Edison or Southern California Gas Company, you will also qualify for GSWC's CARW program by submitting a copy of a current utility bill showing your eligibility for CARE. Customers, who do not participate in these programs, can qualify by submitting an application and income verification in accordance with the program guidelines. The CARW program also extends eligibility to sub-metered tenants in mobile homes, who receive their water through sub-metered service, non-profit group living facilities, agricultural employee housing facilities and migrant worker housing centers that are enrolled in the CARE programs. The CARW discount becomes effective after your application and proof of income have been verified and approved.

In order to fund this program, the Commission has authorized GSWC to collect a surcharge of approximately \$0.04 per ccf per month from all customers who are not recipients of the CARW benefits.

Program Qualifications

- ✓ The GSWC bill must be in your name and the address must be your primary residence or you must be a tenant receiving water service by a sub-metered system in a mobile home park.
- ✓ You may not be claimed as a dependent on another person's tax return.
- ✓ You must reapply each time you move.
- ✓ You must renew your application every two years, or sooner, if requested.
- ✓ You must notify GSWC within 30 days if you become ineligible for CARW.
- ✓ Your total gross annual income of all persons living in your household cannot exceed the income levels below:
