Subject

Supplement to Advice Letter 1452-WA, Simi Valley Mandatory Conservation Rationing Implementation Memorandum Account Amortization. Resolution No. W-4894, issued on December 1, 2011, approved the tariffs in this advice letter filing. This supplemental filing is being made to add tariff sheet numbers only. There were no other changes made to this filing. This supplemental filing will replace Advice Letter 1452-WA in its entirety.

Purpose

This filing is requesting to amortize the Simi Valley Mandatory Conservation Rationing Implementation Memorandum Account ("SIMCRIMA"). The purpose of the SIMCRIMA was to 1.) track the incremental operating and administration costs associated with the implementation of Schedule No. 14.1-SI in the Simi Valley customer service area, 2.) track the penalty charges, if any, that Calleguas Municipal Water District ("CMWD") imposed on GSWC for exceeding its allocation, 3.) track the premium charges GSWC imposed on its Simi Valley customers who exceeded their monthly water allocation, and 4.) track any additional revenues in the form of penalties paid by customers for violating water use restrictions.

GSWC is seeking California Public Utilities Commission ("Commission") authorization to refund \$560,171 recorded in the SIMCRIMA via surcredits to its Simi Valley customers. GSWC is requesting to close the SIMCRIMA once the refund has been granted.

Background

On April 14, 2009, the Board of Directors of the Metropolitan Water District of Southern California ("MWD Board") approved a reduction of water supplies delivered to its member agencies, effective July 1, 2009. The MWD Board changed from "Condition 2- Water Supply Alert" to "Condition 3- Implement Water Supply Allocation", and implemented the Water Supply Allocation Plan ("WSAP") and allocated its available water supplies to member agencies at a Water Supply Allocation Plan level 2.

MWD reduced CMWD allocations for the fiscal year 2009/2010. In turn, CMWD decreased its imported water allocation to its retail customers. CMWD reduced GSWC's allocation from its historical 2004-2006 average usage. GSWC's local water supply along with CMWD's allocation of imported water had to match Simi Valley customers' water demand. With GSWC's reduced allocation from CMWD, Simi Valley customers had to reduce consumption accordingly in order for GSWC to stay within its CMWD 2009/2010 allocation.

On July 9, 2009, GSWC filed Advice Letter 1338-W to activate Schedule 14.1-SI and the SIMCRIMA in its Simi Valley customer service area. Advice Letter 1338-W was

approved with an effective date of August 1, 2009. GSWC activated Stage 3 of its Rationing Plan in Simi Valley, a mandatory 15% reduction goal.

On February 2, 2010, GSWC filed Advice Letter 1376-W to lower the rationing stage from Stage 3 to Stage 1, due to the customers response to GSWC's Advice Letter 1338-W conservation request. GSWC was successful in reducing its projected water supply demand by 23%, which is above the projected amounts requested in Advice letter 1338-W. GSWC made a determination that it could lower the rationing stage in Simi Valley to Stage 1, a voluntary 15% reduction goal. At Stage 1, customers were still asked to conserve so that GSWC could continue to stay within CMWD's 15% allocation. GSWC also requested to discontinue the Simi Valley customer premium penalties. Advice Letter 1376-W was approved and become effective on February 2, 2010.

On May 26, 2011, GSWC filed Advice Letter 1448-W to deactivate the Stage 1 rationing in the Simi Valley customer service area. This was in response to the April 12, 2011 MWD Board notification to its member agencies, effective April 13, 2011, that the mandatory water restriction was going to be lifted. Lifting the allocation restrictions allowed CMWD to purchase water without financial penalty. CMWD responded likewise in the Simi Valley area and lifted its penalties. Advice Letter 1448-W became effective on May 26, 2011.

Memorandum Account Status

GSWC requests the Commission's approval to refund a total of \$560,171 recorded in the SIMCRIMA. The SIMCRIMA tracked (1) any additional revenues (in the form of volumetric penalties from its customers for consumption over their allocations) generated from Schedule No. 14.1 SI; (2) its incremental operating expenses incurred after the date Schedule 14.1 SI was activated; (3) any penalties paid to its water wholesalers; and (4) any additional revenues in the form of penalties paid by customers for violating water use restrictions. Monthly interest was calculated using the three month non-financial commercial paper rate, as authorized.

GSWC did not incur any penalties from Calleguas MWD. GSWC will refund the entire premium charges collected minus incremental administration and operating expenses.

Supporting workpapers have been supplied to the Division of Water and Audits detailing monthly entries to the SIMCRIMA.

Recovery of Cost Incurred

Total Premium Charges collected (includes interest)	\$597,073
less Total Operating and Administration Expenses	(\$36,902)
	Total \$560,171

Ratemaking Treatment

GSWC is requesting that \$560,171 be amortized in the Simi Valley customer service area via a surcredit based on equivalent meter size. The surcredits will be applied to each Simi Valley customer's water bill over two billing cycles.

Rate Impact

A Simi Valley customer with a 5/8" x 3/4" meter will get a refund totaling \$32.80, as shown in the supporting workpapers.

Tier Designation

Pursuant to D. 07-01-024, this advice letter is submitted with a Tier 3 designation. A Commission resolution will be required for disposition of the SIMCRIMA.

Effective Date

As ordered in Resolution W-4894, the tariffs contained in this advice letter filing shall go into effect on December 6, 2011, five days after the effective date of Resolution W-4894.

Notice

No individuals or utilities have requested notification of filing of tariffs. Distribution of this advice letter is being made to the attached service list in accordance with General Order No. 96-B. GSWC will notify its customers of this proposal by postcard.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

Protests And Responses

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- 1) The utility did not properly serve or give notice of the advice letter;
- 2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- 3) The analysis, calculations, or data in the advice letter contain material error or omissions;

- 4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- 5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- 6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

Tariff Unit, Water Division, and 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue, San Francisco, CA 94102
E-mail: water_division@cpuc.ca.gov

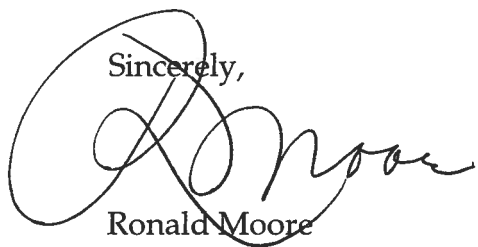

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy by mail (or e-mail) to us, addressed to:

Golden State Water Company
ATTN: Ronald Moore
630 East Foothill Blvd.
San Dimas, CA 91773
Fax: 909-394-7427 or
E-mail: regulatoryaffairs@gswater.com

If you have not received a reply to your protest within 10 business days, contact this person at 909-394-3600 ext. 682.

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

Sincerely,
