Advice Letter No. 1404-W

(U 133 W)

California Public Utilities Commission

Golden State Water Company (GSWC) hereby transmits one original and three conformed copies of the following tariff sheets applicable to its Region III service territory:

<u>CPUC Sheet No.</u>	<u>Title of Sheet</u>	<u>Canceling CPUC Sheet No.</u>
Revised No. 5828-W	Contracts and Deviations	Revised No. 5208-W
Revised No. 5829-W	Table of Contents Page 3 of 4	Revised No. 5818-W
Revised No. 5830-W	Table of Contents Page 1 of 4	Revised No. 5827-W

Subject

This advice letter requests implementation of a “New Agreement” for water service to the City of San Dimas.

Purpose

GSWC submits this advice letter in accordance with California Public Utilities Commission’s GO 96-B, Rule 8.2.3. GSWC is seeking to cease providing water service to the San Dimas-La Verne Recreational Facilities Authority under an existing agreement and, to provide water service to the City of San Dimas (City) under the new water service agreement (“New Agreement”), which was executed on April 30, 2010.

Background

GSWC entered into an on-going water rights lease agreement with Mr. William Kirklen that was originally executed in 1975. In addition to the provision for water rights, the agreement contained an “agreed upon” water rate structure for the San Dimas-La Verne Recreational Facility Authority (Authority), which was a result of an arbitration settlement between the Authority and Mr. Kirklen. The Agreement was approved by the California Public Utilities Commission. On November 12, 2009, the City of San Dimas and GSWC were notified by the attorney representing Mr. Kirklen’s

Trust of their intent to terminate the water rights lease agreement effective December 31, 2009. GSWC made several attempts to renegotiate the water rights lease agreement but the attempts were unsuccessful and the lease between GSWC and the Mr. Kirklen was terminated on December 31, 2009.

As a result of the termination of the Agreement, GSWC no longer has an approved agreement to provide water to the Authority at the agreed rate. GSWC and the City have negotiated a New Agreement that will provide the City with a new water rate.

GSWC requests approval to provide service to the City under the New Agreement with the (Authority), pending disposition of this advice letter. The significant terms of the New Agreement are summarized below.

Key Terms of the Interim Agreement

1. Golden State Water Company will provide water for irrigation purposes to the San Dimas-La Verne Recreational Facility Authority's golf course at the interim rates described below on a month-to-month basis until the California Public Utilities Commission determines the final rate(s) for the Authority.
2. GSWC will provide interruptible surface water supply that is diverted to the golf course based on the available stream flows. The rate for this interruptible supply will be the Three Valleys Municipal Water District ("TVMWD") replenishment water rate at the time of usage. To the extent that surface water is available and is of adequate quality, GSWC will maximize its use for the Authority.
3. GSWC will provide non-interruptible water from the City Well and/or the Malone Well when surface water is not available or the quality is not acceptable to the Authority. The purpose of this non-interruptible supply is to supplement the surface water diversion. The rate for this source will be the GSWC irrigation rate in effect at the time of usage.
4. In the event the surface water supplies and/or the groundwater supply from the City Well and/or the Malone Well is insufficient to irrigate the golf course, water from GSWC's domestic water supply (treated water), will be provided to the Authority at the CPUC approved rate in effect at the time of usage.
5. GSWC will bill the Authority on a monthly basis showing the surface water diversion amounts, groundwater from GSWC's City Well amounts and domestic water usage amounts.
6. The rates shall be considered "interim" until they have been approved by the Commission.

Contract Rates

Per the Agreement, the rates shall be:

	Per Acre Foot
Surface Water (Untreated)	\$484.00
City Well/Malone Well (Supplemental)	\$535.00
Domestic (treated)	\$974.00

Tier designation

Pursuant to D. 07-01-024, this advice letter is submitted with a Tier 1 designation.

Effective date

GSWC is requesting that this advice letter filing become effective 5 days after its filing date.

Protest And Responses

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require re-litigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

E-mail: water_division@cpuc.ca.gov

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy by mail (or e-mail) to us, addressed to:

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

No individuals or utilities have requested notification of filing of tariffs. Distribution of this advice letter is being made to the attached service list in accordance with General Order No. 96-B.

Sincerely,

Gladys Rosendo
