

SCHEDULE NO. 14.1- BY

STAGED MANDATORY WATER CONSERVATION AND RATIONING

Page 1

A. APPLICABILITY

This schedule applies to all water customers served under Schedule BY-1 tariff rate schedule. This schedule is only effective in times of mandatory rationing, as required by Rule No. 14.1, and only for the period noted in the Special Conditions section below. The penalty charges listed in this schedule are in addition to the regular water use charges under the current Schedule BY-1, as authorized by the Commission.

B. TERRITORY

This schedule is applicable to the Bay Point Customer Service Area only.

C. STAGES OF MANDATORY CONSERVATION AND RATIONING

1. Stage 1: Water Use declared to not exceed 3 year historical average usage from period 2005-2007 by utility, governing agency, or supplier.
2. Stage 2: Water Allocation Reduction and Rationing subjected to usage penalties for exceeding allocation declared by utility, governing agency, or supplier; or when water supplied to Utility is reduced by 5 - 15%.
3. Stage 3: Water Allocation Reduction and Rationing subjected to usage penalties for exceeding allocation declared by utility, governing agency, or supplier; or when water supplied to Utility is reduced by >15 - 25%.
4. Stage 4: Water Allocation Reduction and Rationing subjected to usage penalties for exceeding allocation declared by utility, governing agency, or supplier; or when water supplied to Utility is reduced by >25- 35%.
5. Stage 5: Water Allocation Reduction and Rationing subjected to usage penalties for exceeding allocation declared by utility, governing, agency, or supplier; or when water supplied to Utility is reduced by >35 - 50%

D. WATER USE VIOLATION FINES

When a stage of Mandatory Conservation and Rationing from this schedule is activated by Commission authorization, the Water Use Restrictions of the conservation program in Section entitled **Non Essential or Unauthorized Water Use** of Rule 14.1 as well as those listed in the Special Condition section in this tariff, becomes mandatory. Customers who violate the Water Usage Restrictions will receive a warning for the first offense. Any subsequent offense to the water usage restrictions will be subject to the fines listed below. Fines vary depending on the activated stages of mandatory conservation and rationing.

SPECIAL CONDITIONS (Continued)

6. No Customer shall use utility-supplied water for non-essential or unauthorized uses as defined below:
- a. Use of water through any connection when the utility has notified the customers in writing to repair a broken or defective plumbing, sprinkler, watering or irrigation system and the customer has failed to make such repairs within 5 business days after receipt of such notice.
 - b. Use of water which results in flooding or run-off into gutters, waterways, patios, driveway, or streets.
 - c. Use of water for washing aircraft, cars, buses, boats, trailers or other vehicles without a positive shut-off nozzle on the outlet end of the hose. Exceptions include washing vehicles at commercial or fleet vehicle washing facilities operated at fixed locations where equipment using water is properly maintained to avoid wasteful use.
 - d. Use of water through a hose for washing buildings, structures, sidewalks, walkways, driveways, patios, parking lots, tennis courts, or other hard-surfaced areas in a manner which results in excessive run-off or waste.
 - e. Use of water for watering streets with trucks, except for initial wash-down for construction purposes (if street sweeping is not feasible), or to protect the health and safety of the public.
 - f. Use of water for construction purposes, such as consolidation of backfill, dust control, or other uses unless no other source of water or other method can be used.
 - g. Use of water for more than minimal landscaping in connection with any new construction.
 - h. Use of water for watering outside plants, lawn, landscape, and turf areas. Except that this provision shall not apply to commercial nurseries, golf courses and other water-dependent industries. Below are the water use restrictions at each stage of mandatory conservation and rationing:
 - 1. At Stage 1 & 2: Water use restricted from 8am – 7pm, except by hand
 - 2. At Stage 3: Water use restricted from 8am – 7pm, watering every other day – no more than three times per week
 - 3. At Stage 4: Water use restricted from 8am – 7pm, watering every other day – no more than two times per week
 - 4. At Stage 5: Water use restricted from 8am – 7pm, watering limit to no more than one time per week
 - i. Use of water for watering outside plants and turf areas using a hand-held hose without a positive shut-off valve.
 - j. Use of water for decorative fountains or the filling or topping off of decorative lakes or ponds. Exceptions are made for those decorative fountains, lakes or ponds which utilize recycled water and are equipped with a recirculation system.
